Sir,

1 — — In reply to your letters dated 21st January and 26th February last, I have the honor to forward a report detailing the Results of the Survey of Pamben as desired by Captain Gib and myself.

2 — — We have defined the length of the Port from west to east as extending from the accomodation Jetty [close to Capt.n Gib's Quarters] to the Bottom of the Sand Hill in front of the Jail being 423 yards 2 furlongs. Land measurement. The Sea Customs Cutcherry is the centre of this line.

3 — — The distance from the High Water Mark to the Cutcherry is 77 yards. Goods should be landed within this distance. We have interpreted "High Water Mark" to mean

near the ordinary line of High water during the monsoon tides.

4th Bearings are taken

1st From the accomodation Jetty

2nd From the Beach in front of the Sea Customs Cutcherry directly

3rd From the Bottom of the Sand Hill in front of the Sail of

1st Buoy at the entrance of the Channel

2nd of Tonitoray Shuttrow

3rd of the Light House.

5th The Bearings are as follows

From the accomodation Jetty, the Buoy at the entrance of the channel bears

22" west of north

From the same point i.e the accomodation Jetty, Tonitoray Shuttrow bears

4" South of West

From the same point, the Light House bears

32" North of East

From the Beach directly opposite the Sea Customs Cutcherry, the Buoy bears

4" West of North

From the same point, the Tonitoray Shuttrow bears

5" South of West

6 From the same point the light House bears
37" North of east 7

From the beach at the bottom of the Hill directly in front of the Jail the Buoy bears
50" West of North

From the same point, the Tonitoro Shuttoon bears
2" South of west

4 From the same point, the light house bears

Letter to Mr Trincallon the 26th Decr 1857

No 11

Madura 26th December 1857

From

A. MacGregor Esqre

Assistant Collector

To

A. Pathaway Esqre

Acting Collector of

Madura.

Sir,

1. Having in compliance with the request contained in your letter of November 28th proceeded to the village of Samianallore in the Madacolum Talook I have the honor to report the result of my enquiries as to the land applied for by the Revd J. B. Trincal—

2. In his petition Mr Trincal states that there are about 27 Good

x returned herewith

of Perumbokee land attached to the village in question but on reference to the account it appears that there are only 14 Goolies and that this space is divided between two villages. The ground is semicircular being bounded on the south by the Dindigul Road, on the North West by the village of Samiamalloor and on the North East by that of Comachicolam to the former there being assigned 9½ and to the latter 4½ Goolies of the Perumbokee.

Should the 8 Goolies required by Mr Trincal be taken from the Perumbokee of the two villages in proportion to the amount possessed by each village there

R

A 12

25

would be left to the village of
Samiamullaor 4¼ Goolies and to
that of Comachicolum 1¾ Goolies

3 The Villagers allege that
the amount at present possessed
is only just sufficient for their
wants the cultivation of the village
being enormous and much ground
being therefore required for keeping
grain and straw, as also for thrashing
In support of their allegation
they point to the fact of the land
in question not having been
sought by any one for cultivation
though land in the village is
extremely scarce. They state
also that on a former occasion
Mr Blackburne had proposed
to

to build a choultry on this ground
but that on their representing
that it was not more than
enough for their village wants
he took for that purpose 3
Goolies from the Tamarind
Tope to the East of the village.

4. Their objections appear
to me to be valid. and though
the amount at present enjoyed
is considerable they are probably
somewhat better off in this
respect than many neighbouring
villages still the remainder
after subtracting 8 Goolies
would be wholly inadequate
and Mr. Trincal is satisfied
that

R

that less would not suit his purpose -

13

5. To other Perumbokie land exists in the village at least as far as the accounts are trustworthy - A considerable extent of ground supposed by Mr Principal to be waste appear in the accounts as Tamarind Topes, and bed of Tank - There are but few trees left in the former at present, In it I think 3 Goolies might be spared without inconvenience but Mr Principal considers this too far from the village - It is about 300 yards from the Perumbokie

Perumbokee ground before mentioned.
The tank is out of repair and contains
no water but might at any time
be repaired. There is a good deal
of Nunjah under it which is
at present watered by Pycotahs
from the river.

6. I beg to enclose a plan
of the locality in question and
also a statement of the amount
of cultivation of each village.

I have the honor to be
Sir,
Your most obedt Servant.

To

A. Hatharway Esq^r Collector of Madura

From the Rev^d J. B. Ziegenbalg D. C. Missionary

Madura 24th Nov. 1657.

Sir,

At 6 miles from Madura upon the road to Dindigul there are about 12 cawneys of land that has been uncultivated for the last forty years. I have petitioned the Honorable Company for one third of that waste land, offering to pay the tax that shall be charged upon it; as I want it for the purpose of constructing thereupon a small house to my accommodation when I visit the numerous Congregations I have in that neighbourhood. The Brahmins of the adjoining village object to the concession of that ground to me. But they have no valuable reasons for doing so, except their Brahmanical jealousy which can suffer no body in their vicinity. They allege that the ground I ask for is wanting to the village for the parking of their cattle &. But the other two thirds of that waste land are more than enough to all their purposes.

I therefore beg that you kindly grant my just request. If you should entertain any doubt about the justice of my petition, I beg you suspend your decision until you shall have an opportunity

to ride in that direction. Then, if you are go
enough to inform me, I shall come or send an
to show you those grounds.

I have the honor to be
Sir,
your obedient servant

tendered that the applicants conduct and character have been good, and the Collector, it appears, has been "informed that he (Cooppa Row) was — favorably known to Mr. Bourdillon." But no extracts from any orders of Mr. Bourdillon or other official papers have been offered by way of testimonials to that effect, and it must be presumed that no such evidence is forthcoming.

5 The Collector was not authorized in permitting Cooppa Row to retire, on the understanding that a good service pension would be secured to him. He should have continued Cooppa Row as Police Ameen, and submitted his application accompanied with copies of such Proceedings of himself and his pr. decessors as commented favorably on the applicants character and attainments.

6 Cooppa Row, however, must not be allowed to suffer from the oversight that has occurred. His place has been filled up, and from the Collector's meagre description of them, it is extremely doubtful if his services have been periodically marked by the "unquestionable testimonials" required to entitle him to the previlege asked for. As the mistake, at the same time, is on the part of the Head of the District, — Government deems it but reasonable to admit this old servant, as a special case, to the benefits of a Pension. He has served — more than 35 years,* and will accordingly receive a Pension of one half his allowances for the last 5 years, or as calculated by the Civil Auditor, Rupees 22-8 per mensem.

Public Department

No. 330

Extract from the Minutes of Consultation, under date the 24th November 1857.—

Read the following letter from the Collector of North Arcot.

(Here enter 3d November 1857, No. 75.)

Read also report of the Civil Auditor.—

(Here enter No. 203.)

1. The Collector of North Arcot submits a Register of an application for pension on behalf of Coopa Row, late Police Ameen of Tripetty "with reference to the recent orders of Government regarding the grant of Superannuation Pension to Uncovenanted Servants after a period of 35 years' service, and without Medical Certificate."

2. The Collector has not quoted the order, and if he had referred to it, he would have discovered that the course he has taken in Coopa Row's case is wholly erroneous.—

3. In the first place the "good service Pension is not claimable as of right. Its grant depends on the view of Government, not the Head of the Office, may take of the records of the applicant's employment. Every applicant must produce "testimonials of a faithful and efficient discharge of his duties during a period of 35 years." If the Government consider these testimonials "unquestionable" proofs of merit, the individual is pensioned; otherwise he continues at his post, till superannuated in the regular way.—

4 Mr. Whittingham has reversed this order of things. Coopa Row is permitted to resign his Office on the 30th of July, and three months afterwards, as if the proposed arrangement were a matter of course, the Collector submits the application on his behalf, to be admitted to the benefit of a "good service" Pension, the same to take effect from the date of resignation. A general statement is tendered

19

19

in order that it may be fully understood that, pending the sanction of Government to an application for a "good service" Pension, the Officer recommended for that privilege is to retain his appointment.
